Occasionally some (but not all) correlations will be missing. This can happen if all students give the same rating on a particular item.

Median is the middle score when all ratings are rank-ordered. SD (standard deviation) is the DISagreement among raters.
Difference from the group avg. for Dept, Col/Div, and Campus ranges from --- to +++. 0 = negligible difference.
Percentile = percentile of your average rating within a particular group: campus, college/division, department.
** Percentiles not reported for groups with under 10 sections.
A confidence band indicates an interval within which we are 95% confident that the 'true' value of the average lies.
See www.colorado.edu/fcq for details on all statistics, and for results from the last 7 years.
